

Brightwater Care Group and Freemasons Homes for the Aged Partnership for the Future

The Brightwater Care Group (Inc) provides residential and community based care for older and younger people. We have 20 residential localities and also offer services to more than 200 people in their own home.

We are working with Freemasons Homes for the Aged (WA) to offer all our services to Freemasons in Western Australia.

If you are a member of a West Australian Freemasons Lodge and would like to be considered for an aged care placement at one of Brightwater's twelve (12) residential aged care facilities or for services in your own home, here are the steps to follow:

Step 1

To be eligible for an aged care placement, you must be referred by your Doctor to be assessed by an Aged Care Assessment Team (ACAT).

Step 2

Once you have been assessed by the ACAT team and have a referral for either a high care, low care or a community place, contact Freemasons Homes for the Aged (WA) and ask for a '*Freemason Letter of Introduction to Brightwater*' form. The office will arrange for this form to be sent to you for completion.

Step 3

With your ACAT Assessment and Letter of Introduction you may now contact one of Brightwater's Admission Coordinators to be placed on the waiting list for the facility of your choice.

For Brightwater Admissions Information please call:

1800 005 009

Please be advised that there may be a waiting list for a place in our facilities. Although every endeavour will be made to accommodate your needs it may take some time before a place becomes available. Like most aged care services, our facilities operate at 100% occupancy.

Step 4

Once a place becomes available for you at the desired location, Brightwater will contact you as soon as possible to make the necessary arrangements.

Brightwater operates twelve fully accredited facilities across the Perth Metropolitan Area and are classified as low care, high care and high care additional needs.
